DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance:

Upon applicant's amendment, Burns previously applied does not disclose that the "error-correction coding method is based on plural time transmission and the selecting means determines the number of times of transmission in the transmission method based on priority. An updated search was conducted which yielded no prior art. Therefore, the prior art fails to teach or render obvious these limitations taken within the others in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dave Czekaj whose telephone number is (703) 305-3418. The examiner can normally be reached on Monday - Friday 9 hours.
